

If you are looking for a paper titled

***Is Earth still recovering from the “Little Ice Age?”
A possible cause of global warming***

The title has changed to:

The Recovery from the Little Ice Age (A Possible Cause of Global Warming) and The Recent Halting of the Warming (The Multi-decadal Oscillation)

and the most recent version is downloadable from this website:

http://people.iarc.uaf.edu/~sakasofu/little_ice_age.php

Thank You.
